

Complication Insurance

In case of a requirement of a revision or renewal of surgery due to complications of a surgical procedure, performed in Türkiye you will be covered for a term of 3, 6 or 12 months starting from policy start date, depending on chosen plan.

What are the advantages of Complication Insurance

In case you are domiciled abroad and going to visit Türkiye for healthcare tourism, you will be covered against complications, which may occur following the surgical procedure, such as dental, hair transplantation, eye, plastic surgery and obesity or other surgical procedures, to be conducted in accredited clinics and hospitals in Türkiye.
